

# Strahman Valves, Inc.

since 1921

## Your Source for the World's Best Pre-Rinse Products

**Kwik Clean 3®**  
Pre-Rinse Nozzle

All stainless steel  
operating parts

**Vari-Spray®**  
Pre-Rinse Nozzle

All stainless steel  
operating parts

**for: Restaurants, Hotels, College and School Cafeterias,  
Supermarkets, Super Centers - and all Commercial  
Kitchens, Food Serving and Food Preparation Applications**

Pre-Rinse Nozzles • Handles • Hoses • Swivel Connectors  
Risers • Springs • Faucets

*Best Construction — Best Performance — Longest Lasting  
Lowest Lifetime Cost — Highest User-Satisfaction — Best Environmental-Friendliness*

## Nozzles

# KWIK CLEAN 3<sup>®</sup>

## Pre-Rinse Spray Nozzle

**Strahman's new Kwik Clean 3<sup>®</sup> tri-spray nozzle has the best performance, best construction, best warranty, best lifetime value, best user-satisfaction and best environmental-friendliness in the world. And, each of its three tips is ultra-low-flow, using less than 1 GPM (3.78 LPM).**

- **Best Performance:** Cleanability: Strahman = **15.55 seconds**; other manufacturers can take over 20 seconds.
- **Best Construction:** Only Strahman uses **all stainless steel** for its operating parts; others use only a small part of stainless, then substitute with plastic and chrome-plated brass.
- **Best Warranty:** Strahman - **2 years**; others - 1 year.
- **Best Lifetime Value:** Don't be fooled by simple low flow. A 0.64 gpm (2.42Lpm) nozzle that takes 35% longer to clean wastes time. And, time is money. With 35% savings in hot water use, benefit from **water, sewer and energy savings** of up to **\$1,000 per year**.
- **Best User-Satisfaction:** In a recent U.S. EPA field trial, Kwik Clean 3<sup>®</sup> was the only ultra-low-flow (<1 gpm/3.78 Lpm) nozzle to receive the highest user-satisfaction score of 3 out of 3 (1 = not satisfied, 3 = completely satisfied).
- **Best Environmental-Friendliness:** Annually, each Kwik Clean 3<sup>®</sup> can save up to 87,000 gallons of water; 87,000 gallons of sewage; 44,000,000 btu's and 15,000 pounds of CO<sub>2</sub> emissions.
- **Best Flexibility:** All three <1 gpm (3.78 Lpm) tips are easily removeable and cleanable. Dozens of tips and flow rates are available on demand.
- Fits all competitive handles.

**EPAAct 2005  
Compliant**

## Swivel Connectors

**Pivot Pro™: The world's only swivel connector for pre-rinse nozzles and hoses:**

- **Best Design:** Based on our patented Swivel Pro™ connector used in the heaviest-duty industrial wash down products.
- **Best Construction:** All stainless steel
- Decreases stress on hose connections to extend hose life up to 100%.
- Lowers stress on dishwashers' joints to maximize safety, performance, comfort and easy ergonomic use.

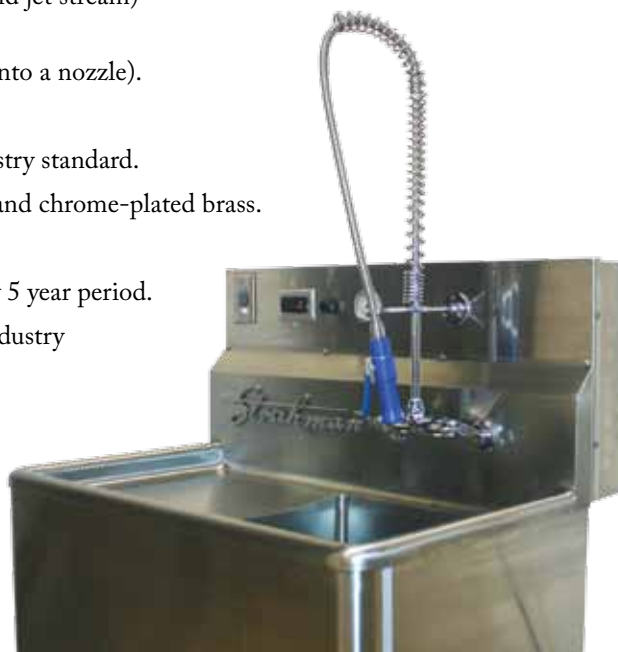

# Vari-Spray®

## Pre-Rinse Spray Nozzle

**Strahman's Vari-Spray® is the low-flow pre-rinse spray nozzle with the world's best flexibility and truly superior cleaning performance. Benefits of Strahman's new Vari-Spray® pre-rinse spray nozzle:**

- **Infinite choice of spray patterns** (from a hollow cone to a powerful solid jet stream) instantly available at the squeeze of the trigger.
- **Eliminates the need for a separate handle** (yes, we turned the handle into a nozzle).
- **Vari-Spray® standard flow rate: 1.25 gpm (4.7 L) at 60 psi (4.1 BAR).**
- **Low-flow** consuming 12% less water, sewage and energy than the industry standard.
- **All stainless steel operating parts** versus the industry standard plastic and chrome-plated brass.
- **2 year warranty** versus the industry standard of 1 year.
- Buy one Vari-Spray® for every three or four competitor's nozzles in any 5 year period.
- **Save about \$450 per year** in water, sewer and energy costs versus the industry standard 1.42 gpm (5.4 L) nozzle.

## Hoses

**The world's best pre-rinse hoses:**

**Best Performance:** Our superior design, construction and stainless steel reinforcement makes our hose last two to three times longer.

**Best Lifetime Value:** Buy up to 3 competitor hoses or only 1 Strahman hose.

**Easiest Installation:** Our hoses incorporate swivel connections at both ends allowing easy screw-on and screw-off.

*7/8 UNEF female thread, both ends. Adapters available. Will fit most competitive nozzles and handles; adapters may be required.*

**Standard Hose:**

**Best Construction:** A stainless steel, armor-wrapped outer hose over a lightweight, tough, high-tensile strength, reinforced inner hose.

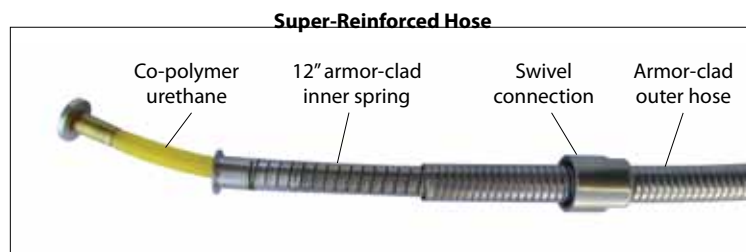

**Warranty:** 1 year.

**Super-Reinforced Hose:**

**Best Construction:** Plus, we added a 12" armor-clad hose inside the riser end of the outside armor-clad hose.

**Best Warranty:** 2 years versus the industry standard of 1 year.

## The world's best pre-rinse handle:

- **Best Material:** All stainless steel (no coated brass)
- **Best Insulation:** Durable rubber (no cracking plastic)
- **Best Construction:** The only single-piece construction on the market. No welds = no leaks.

***Fits most competitive nozzles and hoses; adapters may be required.***

## Accessories

### Pre-Rinse Hose Reel

This is a spring-retractable, heavy-duty, pre-rinse hose reel with 35' x 3/8" I.D. FDA approved neoprene rubber hose and nylon guide rollers. The black-covered hose is acceptable for a food service environment and has a 250 psi working pressure. Comes in stainless steel or 3 mil gray polyester powder coated casting.

### Nut Driver/Tip Changer

This 7/16" Cushion-Grip, Hollow-Shank, Nut Driver/Tip Changer makes for easy removing of spray tips for cleaning.
